Keep
your
mouth!

You,
Kazuma!

Hey
wait!

Hey

so annoying
don't follow
me

Kazuma

Kazuma
Nehato

you can
clearly hear
me yet
you ignore
me?

You're
wildly
narrow
minded

can poison
to death any
living thing
within a few
seconds

a deadly
poison

The blood
that flows
beneath
your skin

Sigh,
using that
attitude
towards
me?

Then I'll
tell everyone
about the
specialties
of your
blood

Do whatever
you want.

About
the 2nd
option,

I'm really
powerful,
I suggest you
give up
that route.

Then
again -
nothing is
good

No matter
what
happens it
doesn't
matter

Since I
don't have
any money

And I don't
have the
capacity
to kill
people...

If you want
to spread
it around go
ahead and do
that

It'll still
be
trouble-
some

In this case,
no matter
how bad
of a role I
play,

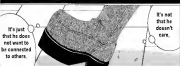

I didn't
think he was
that bleak

Even though
I thought he
was a dark
guy.

So dark!!

So it's like that.

It's just that he doesn't want to be connected to others.

You have such weirdly colored pupils.

Ah, so it's like that!

Such a bright red.

Wha...
It's my first time seeing such a sharp color.

Ah!!

Wha...?

Blood

All living
things have
that flowing
within them.

Humans,
Animals,
Demonic
beasts,

without
exceptions.

Blood is
something
life cannot
do without.

If blood
stops flowing
they will die.

Without
blood
they will
die.

It is a
part of life.

So...

What
are you
saying...

?

The color
of your
pupils

is the color
of blood

Isn't it
a beautiful
color?

This was
the first
time

So I was
really
happy.

very

Happy

Origin

I was touched
by someone
normal,

was told
that it was
beautiful

This was
the first
time

Those three
are not simple.
It seems that they
have different
reasons.

That hard to
meet character's
weapon is similar
to that absurd
animal-like thing.

Speaking
of which, those
two have a
sword and a
whip.

Ah, she
still
found out
about it.

If your
search ever
comes to an
end, I hope you
will help me
investigate
something.

You want
me to find
someone and
negotiate
in person.

Even if
it's like that,
you two really
have people who
are not normal
gather beside
you.

Don't
ask
me.

including
me.

You are someone
who loves going
along with others,
so if someone
comes to find
you for help, you
happily get on board.

I'M NOT
LIKE THAT...

Don't get
too involved
in stuff,
and be careful
to not be
dragged into
troublesome
stuff.

In other
words,

WH-AT!

Hey
Kazuma

ALSO I DON'T
LIKE ANYONE!

See you
next time
Kazuma

I really
need to
get
back

00
00

See you
later

Ah

That can be considered a strange hobby or a habit or you could say I was tricked.

So that

That's a misunderstanding

Damn you Forte

It's because these people could see that you did that

But why am I being condemned like this?

This time you're definitely going to tell me what your relationship with that girl is!

That's why?

Because of a bed habit you kissed her on the cheek?

Resume

Hah?

What was that just now at the entrance? Damn!!

Light

Kazuma will exchange kisses with people whom he is familiar with?

It's just like I said before, she's a normal person who I'm familiar with.

What relationship?

Nonetheless, it's easy to say that relationship standing has many places where it is hard to maintain.

This and that are different things.

WAIT! DIDN'T YOU KISS ME WHEN WE FIRST MET?

How are they different?

Now when she says "see you next time" and points to her cheek, my body will move on it's own.

Being able to think this far, that girl is really good.

Half a year later I found out that was a lie, but it already became a bad habit.

She taught me that: when someone you know is leaving and she says, "see you next time" blissing them on the cheek is a given.

Before I had no interpersonal relationships, and had no experience in that area.

Also that seemed like a conditioned reflex, what kind of response is that?

She just
left for who
knows what

Where's
Koten?

Anyways

And right now
who knows what
she is doing

Clearly she
gets out of
her way to
investigate others'
business,

But her own
matters are
a complete
secret

Dang, I really
can't tell what
Koten is
thinking

Koten,
she

Doesn't tell
these people
anything
either?

Kazu-kun
and Forte

can be such
good friends,
that's nice

Who?

Heh?

Have Kazu-kun
and Forte been
friends since
a long time ago?

What
suddenly

Even if you
say a long
time ago,
it's only two
years ago.

If you're
talking about
being friends

She's not
a friend?

!!

Still this
feels like the
first time I'm
saying I have
a friend.

I'm a
bit
embarrassed

Friend

Someone who
has never
had a friend

Not a

.....

Correct?

Correct.

Why.

Because
I had a
general idea
of where
to go.

So I waited
here.

so I'll
cut to the
chase on
my request.

Speaking
testfully
toward you
has no
use.

People
say that
sist about
me

Being able
to be seen
through by
you, so
troublesome

Rashly.

I hope that
you can in place
of me, find news
about a woman
by this name

"Sakaya"

"Selwyn"

I hope that
you can in place
of me, find news
about a woman
by this name

Hub?

.....

That would
be correct

This should
be related to
my intelligence
work

right?

Ah

Charmen

You can't
use your own
intelligence
network
to investigate?

Just now
didn't you
use it to fully
dig up my
information?

Yue Trans(lations)

Translator: Yue Er

Late chapter, sorry everyone. I didn't have enough time to finish on Friday. I was considering taking another week off since Chapter 24 came out on schedule since I finished over half of it the week before but got sick that Friday. Well anyway, here is Chapter 25 for last Friday. I still plan on releasing Chapter 26 this Friday.

Though I have to say, the scans are nice but the name change up... makes my head hurt a bit (since translators seem to have have changed from V4 to V5).

Well that's all this time.
